

Making Choices

After watching the *JA Ourselves* Lesson 1 volunteer video session, reinforce the learning in the lesson by having your child make some choices.

Materials

- Paper
- Glue
- Scissors
- Magazines or other pictures to cut

Activity

Look through a catalogue or store flyer together.

- Ask your child if he had a choice, what is one thing on the page he would choose for himself?
- What would he choose for a sibling or cousin?
- What would he choose for another family member?

Have your child cut out the pictures of his choices and glue or tape them to a piece of paper to create a collage of the things he would choose for himself and family members.

To further the lesson connection, you can help your child write a letter or make a phone call to a family member telling him or her about the choices and why he made them.
